

There are two separate **Re-lines**: one for Opposing Parties and one for Clients and Contacts. Both **Re-Lines** default to the firm's prescribed formatting as set in the ACL3 default settings.

If updates are required to either of the **Re-Lines** choose the appropriate **Re-line** to be updated and make manual edits as required.

Clicking on  will delete all manual edits made to the selected **Re-line** and will return the text and formatting to the original defaults based on the file details.
