

## LITIGATION MADE EASY

### EASY TO USE

ACL is the fastest most efficient method for document assembly in a litigation practice. It automates the entire process of creating and assembling court documents, standard correspondence and so much more. Firms can use the program as is or choose to customize any of the content to suit their style preferences and wording. ACL licenses on a pay per use basis.

### CONTENT INCLUDED

British Columbia Supreme Court Civil Rules Forms 1 through 119; Small Claims Forms; plus Federal, Bankruptcy and Insolvency and Tax Court of Canada Forms. Also included are pre-written letters and a pre and post judgment interest calculator.

**NEVER MISS A  
DEADLINE AGAIN!**

ACL now has a Task Manager (Tickler) module available which allows you to create and assign specific tasks to your litigation files.

### BENEFITS

- Increases productivity & efficiency
- Eliminates errors, eliminates risk
- Consistent looking documents for the entire Firm
- Standardized workflow throughout the Firm
- Seamless integration with existing technologies
- Perfectly customizable to your firm's styles

# DOES THE NEW TASK MANAGER MODULE “TICKLE” YOUR FANCY?

*ACL now has a Task Manager (Tickler) module available which allows you to create and assign specific tasks to your litigation files to ensure you never miss a deadline again!*

## **You Can Also:**

- Synchronize tasks with Outlook
- Receive email notifications of upcoming tasks
- Assign tasks to yourself and others
- Use the tickler as a “checklist” to ensure proper work flow
- Run Reports
- See due and overdue tasks
- View your week at a glance
